

## Internship Opportunity

### Further development/Programming of Portfolio-Analysis and Reporting-Tool

---

#### Opportunity

We are looking for a University Student (m/f) with focus on Programming or a Computer related subject for an internship to develop our Portfolio Analysis and Reporting Tool further. You have very good programming knowledge in Visual Basic (C++, .NET, VBA, etc.).

Knowledge in finance and portfolio management is not necessary.

#### About us

risklab GmbH is the expert for Strategic Investment Solutions of Allianz Global Investors AG, which is the global Asset Manager of Allianz.

#### What we Offer

You will work on the systematic IT-consolidation, preparation, and analysis of relevant portfolio data (via interfaces to external providers of capital market data). Furthermore, you get the possibility to experience our culture, our philosophy, and our working atmosphere.

The duration of the internship will be at least 2 months.  
Location is Munich, Germany.

#### Contact

If this internship opportunity sounds interesting and challenging to you, please send your CV and a short cover letter via E-Mail to [carolin.frikell@risklab.com](mailto:carolin.frikell@risklab.com). We look forward to hearing from you.
